## PROFILE

IT Professional with 5+ years of experience specializing in IT department management and web/graphics design for international logistics companies. I have proven ability to implement effective IT strategies at both local and global levels. My greatest strength is strong business awareness, which enables me to streamline infrastructure and applications for long-term efficiency and performance.

## WORK EXPERIENCE

### SEO/GRAPHICS DESIGNER

APRIL 2025 - JULY 2025

*Gilas Gaming Philippines Inc. Solaire Theatre casino*

As an SEO/Graphics Designer with Gilas Gaming Philippines at Solaire Theatre Casino, I combine creative design with digital optimization. I design engaging visuals for websites, social media, and marketing campaigns while ensuring content is SEO-friendly and aligned with brand identity. My role includes creating graphics, banners, and promotional materials, optimizing visual content for better search performance, and collaborating with marketing teams to boost online visibility and audience engagement.

### UI/ GRAPHICS DESIGNER

NOV 2024 - MARCH 2025

*Heilan Corp. Filinvest, Pasay*

As a UI/Graphics Designer at Pisogame.com, I design user-friendly interfaces and engaging visuals that enhance digital experiences. I create layouts, icons, and interactive elements for web and mobile platforms while also producing branding and promotional graphics. My work focuses on combining aesthetics with functionality to deliver clear, creative, and impactful designs that improve usability and strengthen brand identity.

### WEBSITE DESIGNER/TECH. SUPPORT

2023 - 2024

*WBridges Manpower Corp. | Island Cove, Kawit, Cavite*

As a Website Designer and Technical Support Specialist at WBridges in Island Cove, Kawit, Cavite, I create visually appealing and functional websites tailored to user needs. I design layouts, graphics, and responsive interfaces while ensuring smooth navigation and strong user experience. Alongside design, I provide technical support by troubleshooting website issues, maintaining system performance, and assisting users with technical concerns. My work focuses on combining creativity and technical expertise to deliver reliable digital solutions.
